

STEM EXTENSION 100 mm FOR BALL VALVES JC

Stem extension 100 mm with ISO 5211 plate for 2 pieces split body JC ball valve.
Kit including stem extension and bolting.

Size : DN15 to DN100
Connection : ISO 5211 plate
Specifications : For JC ball valves Refs :
316-340-516-540-515-530
Direct mounting
ISO 5211 plate for actuator
With bolting

Materials : Stainless steel EN 1.4305

STEM EXTENSION 100 mm FOR BALL VALVES JC

SPECIFICATIONS :

- Kit including stem extension and bolting
- Direct mounting on JC valves Ref. 316-340-516-540-515-530
- Height 100 mm
- ISO 5211 mounting pad

ACCESSORIES :

- Reinforced locking device
